

PERSHING WRESTS WHOLE OF BELLEU WOOD FROM GERMANS

adding: "Chaos may soon follow in Germany."

Emphasizing the serious consequences for Germany, but reiterating, nevertheless, its former warning to the Allies not to make the terms for an armistice such as to stifle Germany into resistance, the Post says: "It now remains for Austria's plenipotentiaries to go with the white flag to Italian headquarters, and when Austria-Hungary has been disarmed and her armies demobilized it will be for Italy and the Allies to decide upon the terms."

PARIS IS ON GUARD FOR A HIDDEN SNARE IN VIENNA'S REPLY

Can Be an Armistice, Editors Point Out, Only on Terms Set by Allies.

PARIS, Oct. 29.—"The capitulation of Austria" is the unvarying caption with which the morning newspapers precede Count Julius Andrássy's note to President Wilson. The editors of the newspapers, while accepting this conclusion, urge caution lest there be a hidden snare behind the

Austrian offer. "Beware of the last conclusions of the colossal enemy who is not yet completely crushed," writes Maurice Barres in the Echo de Paris. "The situation will not clear until military defeat is acknowledged or inflicted. It will draw in its train the Central Empires, including Germany."

Alfred Capus, editor of the Figaro, and all writers agree there can be a question of armistice only on the terms set by the Allies. Count Andrássy, they say, represents nobody, and, therefore, separate peace with Austria-Hungary is absurd and impossible.

"The democracies of the Entente can maintain only one attitude: an armistice first, and all their conditions of peace afterward, but only afterward," says L'Homme Libre. The Journal says: "There is a unique opportunity to lay down a reasonable basis for the future of Central Europe. The total dissolution of the Hapsburg monarchy threatens to strengthen Germany by the addition of 12,000,000 Germans and Austrians and as many Magyars. A centre of gravity is necessary in Middle Europe. This centre can only be at Vienna or Berlin. What will happen if we put Vienna and Berlin in the same helmet?"

HINDENBURG AND LUDENDORFF LINKED IN ANTI-PEACE PLOT

Military Coup d'Etat Reported Thwarted—Civilians Fleeing Lower Rhine.

LONDON, Oct. 29.—Colorful reports, pouring in to London from The Hague, quoting Berlin newspapers, expose a military coup d'etat, planned by Gen. Ludendorff and Field Marshal von Hindenburg to block concessions to President Wilson. The Vorwarts declares the constitutional changes were rushed to frustrate the coup d'etat. Exposure of the alleged plot is believed to have forced the resignation of Ludendorff, and to have started a movement also to oust von Hindenburg.

WAR PROFITS TAX IS EXTENDED TO SMALL BUSINESS

Senate Committee Broadens Measure to Cover Individuals and Partnerships.

WASHINGTON, Oct. 29.—War excess profit taxes, imposed only on corporations in the War Revenue bill as it passed the House, were extended by the Senate Finance Committee today to individuals and partnerships in trade or business. Under the committee's plan, individuals and partnerships, such as lawyers, doctors and other professional men, would not be subject to the war excess profits taxes, made applicable only to those actually engaged in trade or business.

The amendment, it was stated, will restore estimated revenue returns from war excess profits to about \$3,200,000,000, the sum proposed in the House bill but reduced by Finance Committee revision. The extra tax proposed for individuals and partnerships is 10 per cent.

MINOTTO CLEARED OF GUILT SUSPICION IN CAILLAUX PLOT

Becker Says He Was Not a Conscious Agent of Germans and Is Loyal to U. S.

Alfred L. Becker, Deputy Attorney General of New York, issued a statement to-day, intended, as he said, to clear Count James Minotto of any possible suspicion that his association with the principals in the Cailiaux-Luxburg conspiracy to bring about a separate peace between France and Germany in 1915, pointed to his guilty participation in the plot.

Elaborating his announcement of yesterday that Minotto had talked with freedom in preparing a sworn statement for the French Government, in the prosecution of Joseph Cailiaux, former Premier, on a charge of high treason, Becker declared that Minotto's deposition was made voluntarily and with a desire to aid the American and French Governments.

He also expressed the belief that Minotto never was a conscious agent of the German Government, and though interned as an enemy alien, "is wholly loyal to the United States."

Minotto, who married a daughter of Louis Swift, Chicago packer, was in Argentina in 1915 as foreign representative of a New York bank. There, according to Mr. Becker, he naturally met the German Minister, Count von Luxburg, as his bank dealings were largely with German financial and commercial institutions. When Cailiaux reached Buenos Aires on a special mission for the French Government, Minotto also made his acquaintance.

Subsequently he carried between Cailiaux and Luxburg oral messages relating to the alleged conspiracy to restore Cailiaux to power in Paris and align France with Germany in war against England and Russia. Though Minotto did not attend an actual conference between Cailiaux and Luxburg, Becker said, his evidence regarding their conversation was important as part of the case against the former Premier.

Becker added that Minotto's testimony was corroborated not only by Americans but by evidence gathered through official sources in the Argentine capital. Minotto, Mr. Becker said earlier in the day, probably would not be returned to the internment camp at Fort Oglethorpe, Ga., owing to the possible feeling toward him among other Germans interned there.

GRAND JURY SCORES SWANN IN GRAZIADIO MURDER CASE

Youth Held by Magistrate as Presentment Is Filed Criticizing District Attorney.

The October Grand Jury this afternoon filed a presentment against the District Attorney's office, criticizing the manner in which the presentation of evidence before the Grand Jury against Arthur Graziadio, accused of the murder of Ferdinand La Regina, was handled.

Judge James T. Malone dismissed the indictment against Graziadio and he was rearrested the same afternoon on orders from District Attorney Swann. The District Attorney's office has been attempting to obtain a new indictment.

The Grand Jury in its presentment says that no reason has been developed by the testimony to justify the bringing of an indictment on a complaint of murder in the first degree or any other crime, however trivial. Graziadio was before Magistrate McQuade in the Harlem Police Court this afternoon, and the Magistrate, after hearing the evidence offered by the District Attorney's office, held the boy for the same Grand Jury which had a few hours before thrown the case out and criticized severely the manner in which it had been handled before them by the representatives of the District Attorney's office.

When asked to comment on the Grand Jury action District Attorney Swann said: "The presentment is most unusual and was evidently inspired."

PLANS TO INSURE A DURABLE PEACE FRAMED BY ALLIES

Parliamentary Committee Demands Enemy Ships to Make Good U Boat Losses.

LONDON, Oct. 29.—Resolutions unanimously passed at the recent conference of French, Italian, Belgian and British sections of the Inter-Allied Parliamentary Committee recommended that the nations now united in the fight for liberty should maintain their close association until the dangers threatening them had been removed by the complete overthrow of the enemy powers.

Another resolution said it was of paramount importance that the Governments of the Allied Nations should forthwith proceed to prepare in consultation a scheme for the establishment after the war of machinery designed to secure and develop a "Society of Nations" as a proper means for attaining a durable peace guarded by the joint action of free nations.

It was stated by the committee that the losses of mercantile tonnage due to submarine warfare should be made good so far as possible by the transfer of enemy tonnage.

The committee also urged upon the Allied Governments the necessity of constituting an Inter-Allied independent air force for the purpose of overcoming, if need be, the last resistance of the enemy by a campaign of raids over his territory. The common industrial control of the production of aeronautical material was recommended.

Ella Clair left an estate of \$5,000. John H. Plate, No. 639 Vanderbilt Avenue, Brooklyn, was a creditor for \$2,000. Plate demanded an accounting and O'Rourke filed it. Plate then objected and in the subsequent proceedings O'Rourke was surcharged with \$244.00 and ordered to pay it to Plate.
